PROFESSIONAL SUMMARY

Technically accomplished Software & Systems Engineer with a Bachelor of Laws (S.H.) degree, combining 2+ years of production experience in Cloud infrastructure, Cybersecurity hardening, and enterprise systems deployment with strong commercial and consultative presentation capabilities. Proven track record architecting and deploying institutional enterprise platforms (SIMMACI) serving 270+ educational institutions, managing Linux VPS environments, Docker containerization, and stringent access controls (RBAC, Maker-Checker). Combines hands-on technical literacy with legal contract acumen, enabling seamless technical discovery, product demonstrations, objection handling, and consultative solution selling for enterprise IT, Cloud, and Cybersecurity clients. Fluent in professional English, target-driven, and ready for on-site placement in Jakarta.

PROFESSIONAL EXPERIENCE

LP MA'ARIF NU CILACAP *Cilacap, Central Java, Indonesia*
Full-Stack Software Engineer & Systems Architect *2024 – Present*

- Architected and deployed SIMMACI enterprise platform (React 19, Laravel 12, PostgreSQL 16) administering 270+ educational institutions, 2,000+ staff, and 17,000+ students.
- Engineered and managed cloud infrastructure on Linux VPS, Docker Compose, and Coolify, configuring Nginx reverse proxy with HSTS and CSP security headers.
- Hardened infrastructure cybersecurity: remediated SEC-001–004 vulnerabilities, closed 27 API guards, and enforced Role-Based Access Control (RBAC).
- Designed institutional Core Financial System using Domain-Driven Design (DDD), immutable journal ledgers, and Maker-Checker segregation of duties.
- Conducted technical presentations, solution demonstrations, and consultative onboarding sessions for institutional directors and IT administrators across 270+ entities.

FEATURED ENTERPRISE SYSTEMS & TECHNICAL PROJECTS

SIMMACI — ENTERPRISE INSTITUTIONAL PLATFORM *React 19, TypeScript, Laravel 12, PostgreSQL 16, Linux VPS, Nginx, Docker, MinIO S3*

- Engineered scalable cloud-hosted platform centralizing administration for 270+ institutions with batch document generation, S3 object storage isolation, and 1,822 automated test cases (100% pass).

KONEKSI SANTRI — BOARDING SCHOOL ERP & MOBILE ECOSYSTEM *Next.js 14, Flutter (Dart), NestJS, PostgreSQL, Prisma ORM, Docker, Cloud VPS*

- Architected integrated management system bridging student administration, Smart Gate QR security, automated billing, and closed-loop digital wallet with automated WhatsApp notification gateway.

ENTERPRISE POS & INVENTORY (KIRO ERP) — RETAIL MANAGEMENT SYSTEM *React 19, NestJS, TypeScript, Prisma ORM, PostgreSQL, Apache ECharts*

- Developed multi-warehouse retail inventory platform managing stock replenishment, 3-way matching (PR/PO/GR), and fast cashier operations with strict ledger consistency.

EDUCATION & CREDENTIALS

STAI AT-TAHDZIB *East Java, Indonesia*
Bachelor of Laws (Sarjana Hukum - S.H.) — Islamic Economic Law *Graduated 2019*

- Rigorous academic training in commercial law, contract drafting, statutory compliance, and business ethics, providing a distinct strategic advantage in enterprise B2B sales negotiations and SLA formulation.

SPEC-DRIVEN DEVELOPMENT (SDD) CERTIFICATION — DICODING INDONESIA (CREDENTIAL ID: EYX4Q03J6PDL) *Valid 2026 – 2029*

- Certified in technical specification design, contract-first APIs, test-driven requirements, and end-to-end software delivery traceability.

TECHNICAL EXPERTISE, CORE COMPETENCIES & LANGUAGES

Technical Solutions & Sales Readiness: Consultative Solution Selling, Technical Product Demos, C-Level & Stakeholder Presentations, Client Discovery & Needs Analysis, B2B Commercial Proposals, Contract & SLA Review.

Cloud & Infrastructure Knowledge: Linux VPS Administration (Ubuntu/Debian), Docker & Docker Compose, Coolify, Nginx Reverse Proxy, S3 / MinIO Cloud Storage, PostgreSQL 16, MySQL, RESTful APIs.

Cybersecurity & Governance: Role-Based Access Control (RBAC), SSL/TLS Encryption, Security Headers (CSP, HSTS), Vulnerability Mitigation, Maker-Checker Segregation, Legal & Commercial Compliance.

Languages & Communication: English (Professional Working Proficiency; fluent spoken/written communication), Indonesian (Native), Mandarin (Basic conversational interest / rapid learner).

Availability & Location: Currently based in Cilacap, Central Java; immediately available and fully prepared for on-site placement in Jakarta; strong target-driven motivation.
